Dear Ms. Farkas,

Glad to receive the can of what I take to be videotape, identified as "200 FT. 16mm FILM" on the customs statement. However, it perplexes me.

It is not what CBC received from Charlier of French TV.

And I'm inclined to believe that 200 feet is less than the length of your show.

I'd appreciate it if you could tell me what you did send and then arrange to return what I let CBC have from Charlier. I have twice needed that Zapruder film for public appearances.

I'll enclose the receipt Charlier gave me. It is not inclusive. It lists only what was of more importance to me.

I still have interest in some of the out-takes, transcript of them more than any other form, if a transcript exists. My purpose is not to use your work but to have knowledge of some of it and to be able to leave a fuller historical record. Jenner sticks most in my mind.

BBC is doing something on King. I do not know when it will be aired or the final form it will take. If you have any interest for your library, Scott Malone can probably tell you more.

Thanks and best regards,

Harold Weisberg
